Your acceptance of this Agreement is confirmed electronically by clicking the relevant acceptance button or checkbox during the registration process. You are encouraged to download or print a copy of this Agreement for your records. 4.2. You will only be granted access to the Company's services upon confirmation of your electronic acceptance of this Agreement. Your electronic acceptance shall have the same legal effect as a physical signature and is binding under the Electronic Transactions Act 2000 of Mauritius, the Electronic Signatures in Global and National Commerce Act (ESIGN Act), and other applicable laws. Any use of the services offered by the Company shall be deemed as conclusive evidence of your full and unconditional acceptance of these Terms and Conditions.

4.3. The Company offers Copy Trading Account services by granting the Client access to the Platform's features, allowing the Client to replicate the trading activities of one or more selected Strategy Providers. The Company assumes no liability for the actions of the chosen Strategy Providers.

4.4. You acknowledge and understand that the strategy provider is neither an employee, contractor, nor agent of the Company and has no affiliation with the Company in any other capacity.

4.5. You further acknowledge and understand that any Strategy Category you select, as well as the activity of your Account(s) resulting from the Services, may not be successful and could lead to the loss of your entire investment.

4.6. You understand that the Company is under no obligation to disclose any personal information regarding the Strategy Provider.

4.7. You understand and agree that the Company reserves the right to pause, stop, or block any Strategy Provider from being copied or any Client from copying the trading activity of the Signal Provider under the Copy Trading account functionality at any time upon its sole discretion. The Company shall not be obliged to provide any and/or further reasoning for doing so.

4.8. You acknowledge and agree that trading in Forex, options, and/or CFDs carries a high level of risk and may not be appropriate for all investors. Only funds you can afford to lose should be used for such trading. If you lack sufficient risk capital or cannot bear potential losses, you should refrain from trading in these markets.

4.9. You fully acknowledge and understand that no guarantees of profit or protection from loss can be made, nor can the extent of losses be limited. You bear sole responsibility for assessing the appropriateness of any investment strategy, product, or transaction in relation to your investment objectives.

4.10. You confirm and agree that by utilizing the Services to replicate specific trader(s) and strategies, you have taken into account your overall financial situation, including any financial obligations, and understand that using these Services is highly speculative and may result in substantial losses.

4.11. You acknowledge and agree that the Company reserves the right to withdraw and/or freeze any funds generated through abusive trading (as defined in the General Terms and Conditions).

4.13. You further acknowledge and understand that the Company does not provide legal, trading, or tax advice.

4.14. You hereby authorize the Company to subscribe you to the selected strategy in order to replicate all transactions and/or positions executed by the trader and/or strategy category you have chosen to replicate. This includes, without limitation, initiating replication, stopping replication, pausing replication of any trader or strategy, and setting limits on any position. These actions will be performed automatically upon your instruction and do not require prior consultation, consent, or approval regarding ongoing activities or copied trades. The authority granted covers transactions involving, but not limited to, Contracts for Difference (CFDs), foreign currencies, indices, commodities, and equities, whether on margin or otherwise, including short sales, all conducted on your account and at your risk. Additionally, it includes any other actions reasonably necessary to carry out these activities in your best interest.

4.15. Although you grant this authority, you are expected to exercise diligence and carefully monitor all activity in your Account(s). The Company provides online access to your Account(s), allowing you to track unrealized and realized profits and losses, view account balances, make any desired modifications to trades, and generate monthly account statements.

4.16. You hereby confirm and acknowledge that, at your sole discretion, you may stop, pause, restrict, or limit any replication activity performed through our Websites at any time. You remain solely responsible at all times for monitoring, selecting, and assessing (a) the suitability of the copied accounts, and (b) the overall performance of the copied trader, account, and/or strategy.

4.17. The subscription to the Services does not constitute investment advice from the Company. You use the Services at your own risk, and the Company, along with its affiliates, employees, clients, and agents, shall not be liable for any losses you may incur as a result of using these features. Neither any replicated trader, account, nor strategy guarantees the future performance of your Account(s), any specific performance level, the success of any investment strategy, or the overall management of your Account(s).

4.18. Investment strategies are exposed to a range of market, currency, economic, political, and business risks. Investment decisions may result in losses, including the potential loss of your entire investment. Past performance should not be considered as a guarantee or indicator of future results.

4.19. To the fullest extent permitted by applicable law, neither the Company nor any of its affiliates shall be liable for (a) any loss resulting from following your written or oral instructions, (b) any loss incurred due to decisions or actions taken by any account you have chosen to copy, or (c) any loss arising from investment decisions or actions made or omitted in good faith by any replicated account, strategy, or portfolio. Nothing in these Terms and Conditions shall waive or limit any rights you may have under applicable laws that cannot be waived or limited.

4.20. By signing this Agreement, you authorize and consent to the chosen strategy performing activities and making changes in your account. You acknowledge the risks involved, including that such changes may not always be successful or profitable. These activities may include trading, placing orders to buy or sell (including short sales) stocks, bonds, options, securities, futures, commodities, foreign currencies, foreign exchange ("Forex"), Contracts for Difference ("CFDs"), and any other financial instruments, transactions, contracts, or Company products, whether on margin or otherwise, all conducted at your own account and risk.

4.21. You confirm and acknowledge that you have been thoroughly informed and have obtained independent advice regarding the systematic trading strategy, trading objectives of the chosen strategy, and all related risks involved. Accordingly, you accept full responsibility for any such risks.

4.22. The Company does not endorse or guarantee the background or performance history of the traders executing or creating the chosen strategy. You acknowledge that the Company, its officers, employees, and agents do not control the actions of the strategy and bear no responsibility for any losses you may incur as a result. Furthermore, you understand and agree that the Company does not, either expressly or implicitly, endorse the operating methods of the selected strategy.

4.23. We hereby inform you, and by signing this Agreement you expressly acknowledge and confirm, that the trader(s) you choose to replicate are not employees of the Company and have no authority to act on behalf of or bind the Company in any manner. The actions of these strategy traders, which impact your Account(s), are undertaken entirely at your own risk and responsibility and will be regarded by the Company as if performed by you personally.

4.24. You agree to indemnify and hold harmless the Company, along with its associates, group entities, affiliates, agents, beneficial owners, officers, directors, employees, and other representatives (collectively referred to as the "Company"), from any and all liabilities, claims, losses, damages, costs, and expenses, including attorney fees, arising directly or indirectly from actions taken or transactions executed in your account through the replication and use of the chosen strategy subscription. This indemnity also covers any losses, damages, or expenses incurred by the Company in correcting erroneous instructions submitted by the strategy, or when the Company exercises its rights under the general Client Agreement (the Company's Terms and Conditions) governing the business relationship.

4.25. You hereby release the Company from any liability related to the consequences arising from the replication of trades, as well as from the use of any software, systems, and/or telecommunication methods.

4.26. You acknowledge and confirm that trading systems may occasionally experience downtime or face difficulties in connecting or executing trades. In such events, you are required to contact the Company immediately to report any errors or inability to use the systems. Prompt notification is necessary so the Company can provide assistance. You understand that the Company cannot undo any actions or omissions as if they never occurred, but will make every reasonable effort to assist you.

4.27. You acknowledge and confirm that, in the event of abnormal or unexpected market conditions and/or system malfunctions, copy trades may not be executed or may be delayed.

4.28. You also acknowledge and agree that you are responsible for continuously monitoring your account, as system malfunctions and/or unexpected market conditions may prevent trades from being closed promptly or at all. You hereby accept that all liability in such cases remains with you.

4.29. You release the Company from any liability for consequences arising from delays and/or omissions in copy trading, as well as from any technical or natural events that may cause such issues.

4.30. The Company is under no obligation to conduct any inquiries on you or any other person before permitting the chosen strategy to make changes or give instructions in your account.

4.31. If you wish to terminate this Agreement, you must provide us with written notice at least thirty (30) days in advance.

4.32. Upon receipt of such termination notice, all open transactions initiated by the Strategy will be set to close only, and no further replications will occur. Thereafter, only you will have the ability to open new transactions or close any existing ones.

4.33. We reserve the right to terminate this Agreement at our sole discretion, at any time and for any reason, including without cause ("Termination without Cause"). In such an event, we will provide you with thirty (30) days written notice prior to the discontinuation of Services.

4.34. You agree that this Agreement constitutes an integral part of the Client Agreement (Company's Terms and Conditions), Risk Policy, Privacy Policy, and other legal documents of the Company, as amended from time to time. These documents were acknowledged by you upon opening your account with us and are always available on our website. All such terms are equally binding upon you.

4.35. You acknowledge that you have read and understood the Company's Terms and Conditions, Risk Policy, Privacy Policy, and other applicable legal documents available on the website, which are incorporated herein by reference as if fully set forth. You hereby affirm all statements contained therein and confirm your acceptance of all representations, warranties, and agreements in this Agreement, as well as in the Terms and Conditions, Risk Policy, Privacy Policy, and other applicable legal documents of the Company.

4.136. You acknowledge and consent that your personal data may be shared with relevant third-party service providers involved in delivering the services described herein.
